

Meesam Raza

Data Scientist | Machine Learning Engineer | Generative AI Developer

Khairpur, Sindh, Pakistan | +92 305 5750331 | meesamraza331@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Data Scientist and Generative AI Developer skilled in Python, Machine Learning, and LLMs. Experienced building predictive models, chatbots, and data pipelines with Scikit-learn and LangChain, turning raw data into actionable business insights.

CORE SKILLS

Programming: Python, SQL, R, Java

Machine Learning: Regression, Classification, Clustering, Random Forest, XGBoost, Neural Networks, Feature Engineering, PCA

Generative AI & NLP: LLM Integration, Prompt Engineering, LangChain, OpenAI API, Chatbot Development

Tools: Streamlit, Flask, Docker, Git, AWS, Railway

EXPERIENCE

Data Science Intern | Data Zenix Company (Remote)

- Cleaned and preprocessed 10,000+ record datasets, reducing missing data by 20% using KNN and mean/median imputation.
- Automated reports and visualizations in Python, Pandas, and Seaborn, improving delivery speed by 3x.

AI & Machine Learning Intern | DevelopersHub Corporation (Remote)

- Built classification models (Logistic Regression, Random Forest, Gradient Boosting) achieving 88% accuracy via GridSearchCV tuning.
- Applied PCA and correlation analysis for feature selection, improving model performance and interpretability.

GenAI Consulting Virtual Intern | BCG Simulation (Remote)

- Built a prototype chatbot using LangChain and OpenAI API to answer financial queries from 10-K report data.
- Applied prompt engineering to improve response accuracy and relevance.

PROJECTS

Air Quality Index Prediction System — Khairpur | [GitHub](#)

- Built and deployed (Streamlit) a regression model (Random Forest, XGBoost) predicting AQI from environmental data.

Next-Day Stock Price Prediction | [GitHub](#)

- Built a time-series regression model to forecast stock prices, evaluated with RMSE and MAE.

Unemployment in Pakistan (2000–2023) | [GitHub](#)

- Analyzed 20+ years of unemployment data, visualizing regional trends via interactive charts and heatmaps.

EDUCATION

B.S. Computer Science — Benazir Bhutto Shaheed University of Technology and Skill Development, Khairpur Mirs (Expected 2027)
